# Some Disclaimers

# Mileage May Vary

# Relevance?

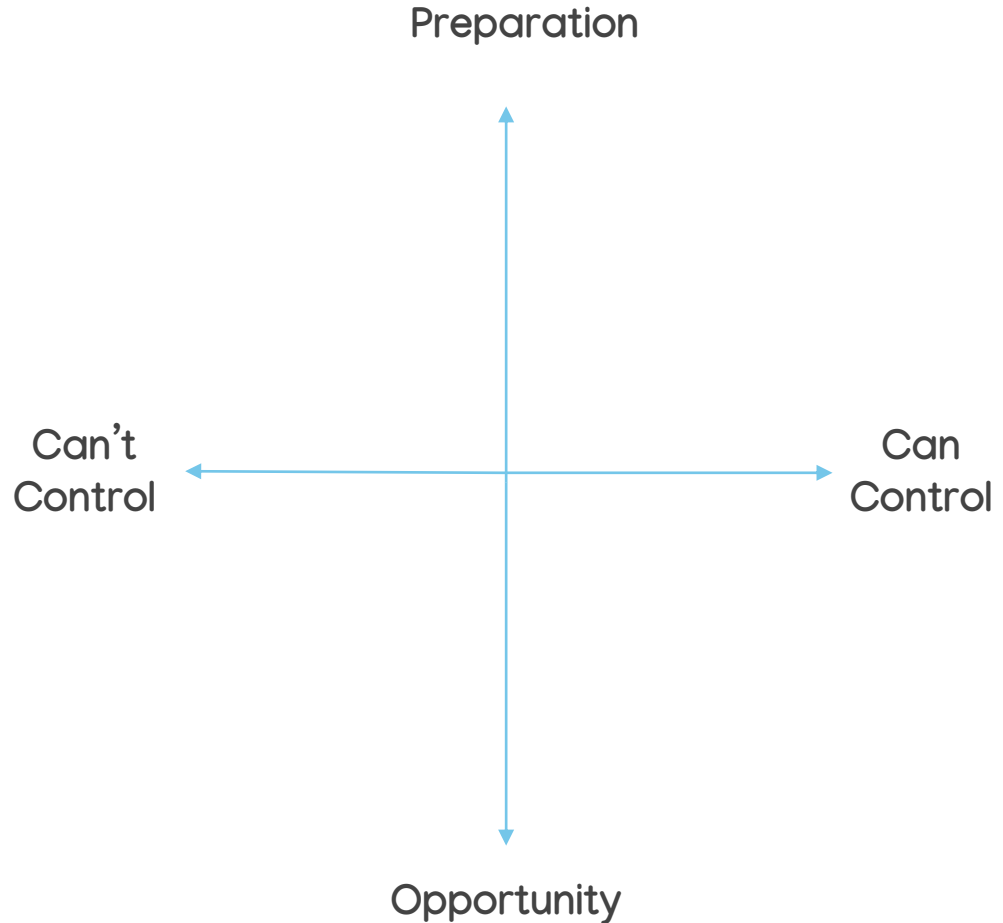

- If you are interested in non-profit management and growth – **RELEVANT**
- If you coordinate a coalition and want to grow your impact or ability to meet your mission – **RELEVANT\***
  - You just need to adjust some of the things I'll talk about like Board & Staff to Volunteers Community Sector Representatives.
- If none of the above, then hopefully still – **RELEVANT\*\***
  - You need to use abstract thinking skills, but some of what I'll recommend is worthwhile advice for any career, running a business, or building relationships.

# Luck & Success

All success involved things we can and cannot control.

“Luck is the convergence of preparation and opportunity.”

Needs to be viewed in the context of a spectrum of what you CAN control and what you CANNOT control.
